

Concerned Young Australians

Chairman's Report

30/07/2026

Dear Members, Supporters, and Friends,

I would like to begin by thanking each of you for your continued support of Concerned Young Australians. Whether you have attended our events, shared our social media posts, or simply spoken positively about our organisation to family and friends, your support plays an important role in helping CYA grow. Every interaction helps us reach new people and introduce them to our vision of developing the next generation of Australian leaders.

This month, I would like to recognise several individuals whose generosity and commitment have made a significant contribution to our organisation.

Firstly, I would like to sincerely thank Todd from Papa V Pizza at Lake Haven Shopping Centre. Todd kindly welcomed CYA into his restaurant, provided us with a meeting space, and looked after our members with outstanding hospitality. Since the beginning of our journey, he has been a tremendous supporter of our organisation, and I encourage anyone in the area to visit Papa V Pizza and experience both the excellent food and warm hospitality for themselves.

My second acknowledgement goes to David Thompson, who joined us at Papa V Pizza to share his experiences from his career in the police, discuss the Grocery Subsidy Scheme that he has developed, and speak about his intention to stand as a One Nation candidate. David has also generously offered his time as a mentor to our younger members, providing valuable advice and guidance through our mentorship program. We are grateful for his willingness to invest in the next generation of leaders.

Finally, I would like to recognise Dr Frank Salter and the British Australian Community for their engagement with CYA. It has been a pleasure getting to know Dr Salter, and we are looking forward to working together on a joint event during August. We will be sharing further details with members as plans are finalised.

Looking ahead, we remain focused on steadily growing our organisation, strengthening our local branch, and creating more opportunities for members to become involved. Every meeting, every new member and every conversation helps lay the foundation for the future of Concerned Young Australians. We remain committed to building an organisation that develops leadership, encourages civic participation, and provides young Australians with practical opportunities to grow and contribute to their communities.

If you would like to support our work, I encourage you to continue sharing our content, inviting friends to our meetings, and attending upcoming events. The success of CYA is built upon the enthusiasm and commitment of its members and supporters, and every contribution no matter how large or small, helps us move forward.

Once again, thank you for your continued support. I look forward to sharing more exciting developments with you in next month's report.

Yours sincerely,

Adam Graham

Chairman
